

# **Data Cleaning & Preparation – Summary Report**

## **1. Missing Values:**

I identified 309 missing entries in Coupon Code and I replaced them with 'None' to indicate no coupon was applied.

## **2. Duplicates:**

I checked all the columns for duplicates and no duplicate was found.

## **3. Date Formatting:**

I converted Date column to proper Date format DD-MM-YYYY. No invalid dates were found.

## **4. Data Validation:**

I confirmed  $\text{Total\_Price} = \text{Quantity} \times \text{Unit\_Price}$  for consistency.
